Who Needs an Insurance Appraisal?

An insurance appraisal from Reserve Advisors can avoid the costly mistake of Associations being either over or underinsured.

- If an Association is overinsured, you are paying too much in annual premiums.
- If an Association is underinsured, property owners run the risk of paying a portion of the rebuilding costs in the event of a loss.

An appraisal determines a property's new replacement cost and is based on a thorough on-site inspection conducted by an experienced, independent professional.

- In conjunction with a reserve study, Reserve Advisors will measure, photograph and evaluate all buildings to prepare an updated insurance appraisal.
- We provide an accurate valuation, as well as proof-of-loss documentation, that meets all American Society of Appraiser standards.
- In the event of a loss, our detailed documentation will help you get faster claim processing and settlement/payout.
- You'll save time and benefit from working with a single provider who can deliver cost savings when the two services are done together.
