C. As a condition to developing the WWS Property, the Permit requires that WWS execute these Restrictions.

RESTRICTIONS

NOW, THEREFORE, in consideration of the premises, and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, WWS does hereby impose upon the WWS Property the following restrictions which shall be covenants running with the land and shall be binding upon subsequent owners of the WWS Property.

Notwithstanding the above, clearing and construction activities in, or within 300 feet of, habitat occupied by the GCW may be conducted year round (including during the time of year when GCWs are present) so long as any such activities are or were initiated before March 1 and are conducted promptly and expeditiously thereafter; thereby, being a continuous activity before the GCW breeding season begins.
